REJUVENATING ELIXIR Prepared on the strictest Pharmaceutical principles by one of the ablest Chemists of the age.

discoveries in the vegetable kingdem, being an entirely new and abstract method of cure, irrespective of all the old and worn out systems published by accomplished quacks to the sufficing. Dr. Wright, well knowing the deception practised upon the uninitiated, felt it his duty at once to have this Elixir tested by the whole Siedical Facult. who, without even one dissenting voice, have given in their adherence to its perfect and undivided quitrol over the whole physical mas when his frame has been reduced, and when all other medicines known to the Pharmaco pois have been tried in vain. Long thought years of patient investigation, and a nil desperandum determination have crowned the Doctor's efforts, and he now offers the Elixir to suffering humanity as the only thing that can cure the following diseases—namely:

General Debility.

Mental and Physical Depression,

Imbecility,
Determination of Bleod to the Head,
Confused Ideas,
Hystaria,
General Irritability, Restlessness and Sleeplessness at Night,
Absence of Muscular Efficiency,
Loss of Appetite,

Disorganisation of the Organs of Generation, Palpitation of the Heart,

And, in fact, all the concomitants of a nervous and debilitated As a Stimulant. It is quite different from alcoholic preparations. It is not subject to reactions in any shape; it continues to exert its inducence gradually and efficiently, as long as the least necessity exists for its presents.

As a Female Medicine, It is equally powerful and effective, and restores the equilibrium sooner and mafer than all the other medicines which for years have flooded the market, and which are only injurious, in place of assisting or renovating the constitution. for a very good reason, too, that they are only made from the effusions of minds gnorant of the Medical profession altogether. No Minerals !

Generally, to the debilitated, Dr. Wright would say, Neve despair. No matter how worn down you may be, no matter how weak you are—so matter what the cause may have been—forsake at once whatever has led you to depart from Hygienic principles Rejuvenating Elixir,

And you will soon find yourself a new man-a pride instead the reverse, to your friends, and a healthy, sound, and worthy sember of the human family.

Spe, ial Dispatches to the Charleston Mercury RICHMOND, May 5.—New York. Philadelphia and Boston, reported to be in a wild state of excitement owing to an alarming report which had gained currency that an organized plan had been laid to burn those three cities. Special guards were mmediately placed all over those places. The Northern papers urge an immediate attack on Harper's Ferry, Alexandria and Norfolk, before the people of Virginia have time to ratify the ordi-

to Troy by Gen. Scott, in a brief, sharp and snubbing letter. Wool is requested not to interfere with Scott's orders. Several persons have been arrested in the neighborhood of Annapolis as spies, and some had made accurate surveys and minute details of the operations there.

Nonrolk, May 4 .- The British ship Hiawatha from Liverpool arrived at her destination, City Point, on discharged Monday, with 5000 sacks of salt for Messrs. DeVoss against him. & Co., of Richmond. On Saturday afternoon she was boarded by a crowd from the U.S. ship Cumberland, two miles off Old Point, and the Captain was told by Com. Pendergrast, who came in person, that he had better not attempt to enter the waters of Virginia, as his ship would probably be seized; that he had better put back to sea, and enter at Philadelphia or New York; that, if he proceded to his present destination, the Virginians would not only seize and appropriate his vessel, but would also keep him and his crew. The Captain notwithstanding these false representations, continued on, and arrived at City Point, having been shot at twice on his way by the vandal Pendergrast. He intends to omplain to his Government of the outrage.

Alexanders, May 5.—The following are the troops at this time quartered in the city of Washington:

Besides these, there are about 100 marines, who man the steamers engaged in cruising up and down Major Anderson was the bearer from New York of four million of dollars in gold for the Treasury Seven hundred troops left Annapolis in a steamer bound out, Friday night, with a battery. It is generally understood that these are ordered to land near Enlitmore, to co-operate with the troops approach ing from the North.

The frigate Nisgara sailed early this morning on The papers all agree that on Monday begin the offensive operations by Lincoln. Norfolk, Hurper's Ferry, and Alexandria, are points designated. New York Tribune, of Saturday, says: "On Monday, at farthest, let the country be prepared for a pro-clamation from the President. He has determined upon active, instant, decisive and comprehensive acion. The time has arrived when in accordance with the doctrines announced in his inaugural, the

United States. Five transports with men and munitions of war passed up to Washington to-day. New York companies from the interior of the State are constantly arriving at Washington. The proliment in this city continues with much spirit, but some dissatisfaction is expressed in the delay in the movement of the troops. There appears to be oad management somewhere. The Maryland Legislature appointed a Commissioner to Richmond and Commissioners to Washington, of whom one is Robert McLane.

The scarcity of gold in the Washington Treasury is such that they cannot pay the Government employees. A million dollars in gold, however, is comng from New York in a war steamer. Attorney General Bates is of opinion that the retrocession of Alexandria to Virginia is unconstituonal, and this is included in the proclamation declaring a fifth military district. Commodore Paulding notified Charles H. Winder that he would be arrested as a Secessionist. The order restricting the Fairfax county farmers from attending the Washington market with their

supplies has been rescinded. Special Dispatch to the Cincinnati Gazett e Washington, May 6 .- Two thousand troops arrived to day, all New Jersey regiments.
